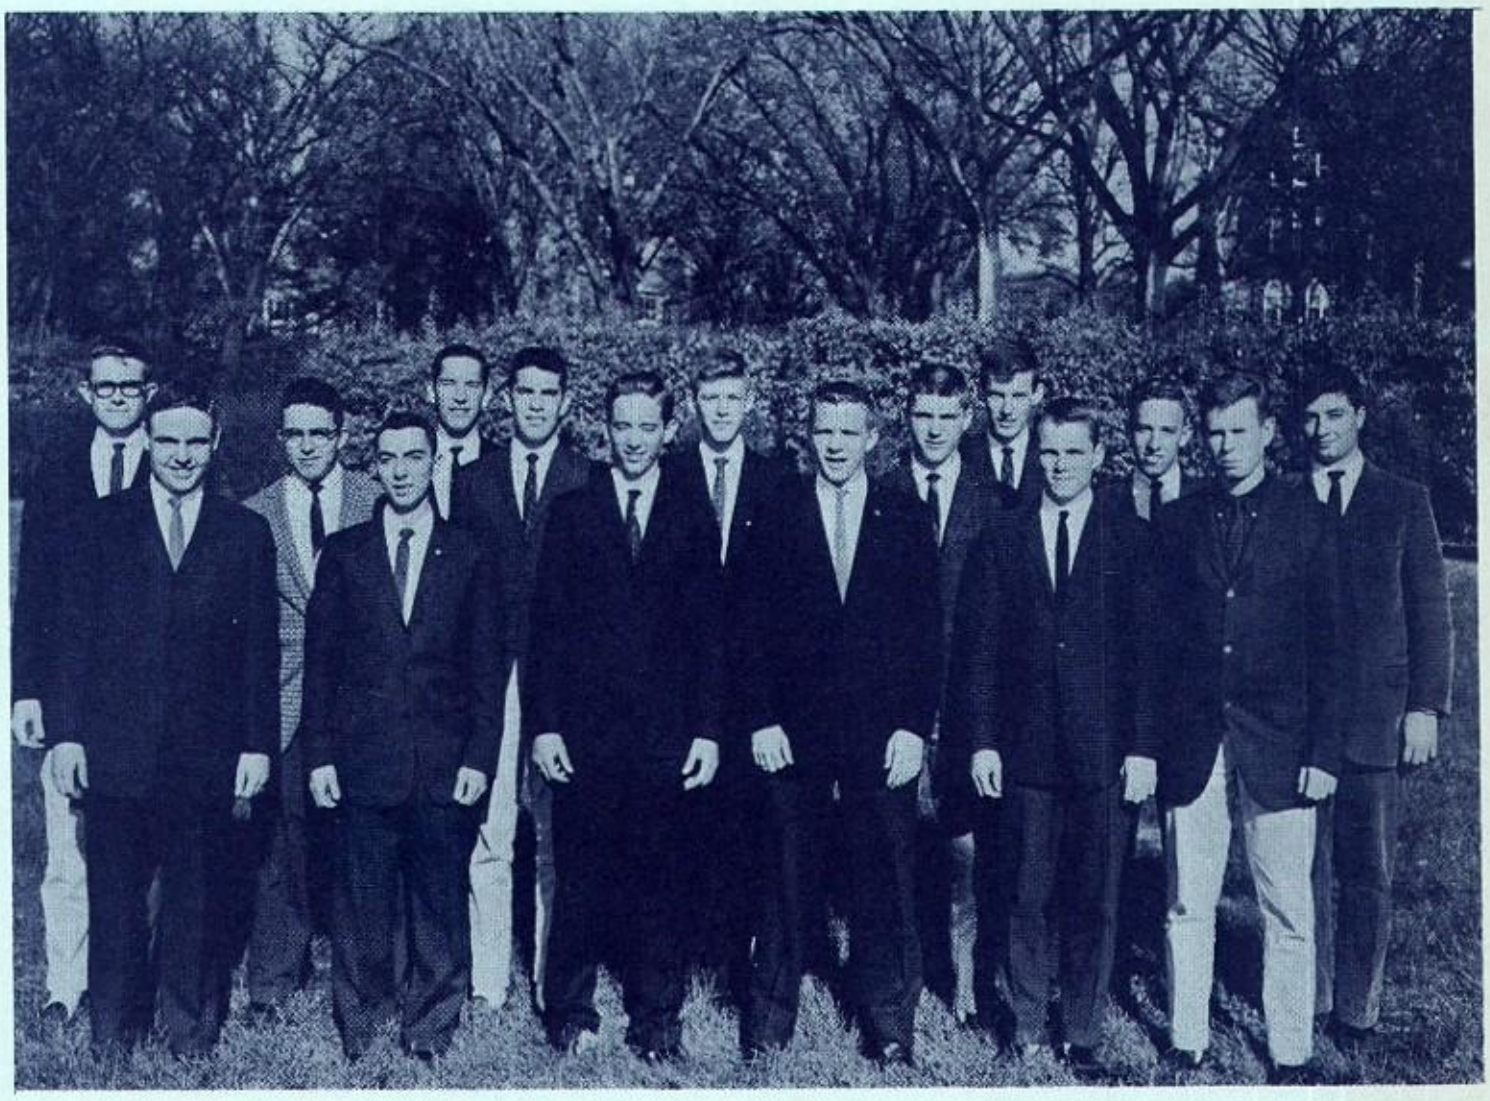
THE AERIE

Van Kasper
adv. 1



The Yearbook Staff

proudly presents the...

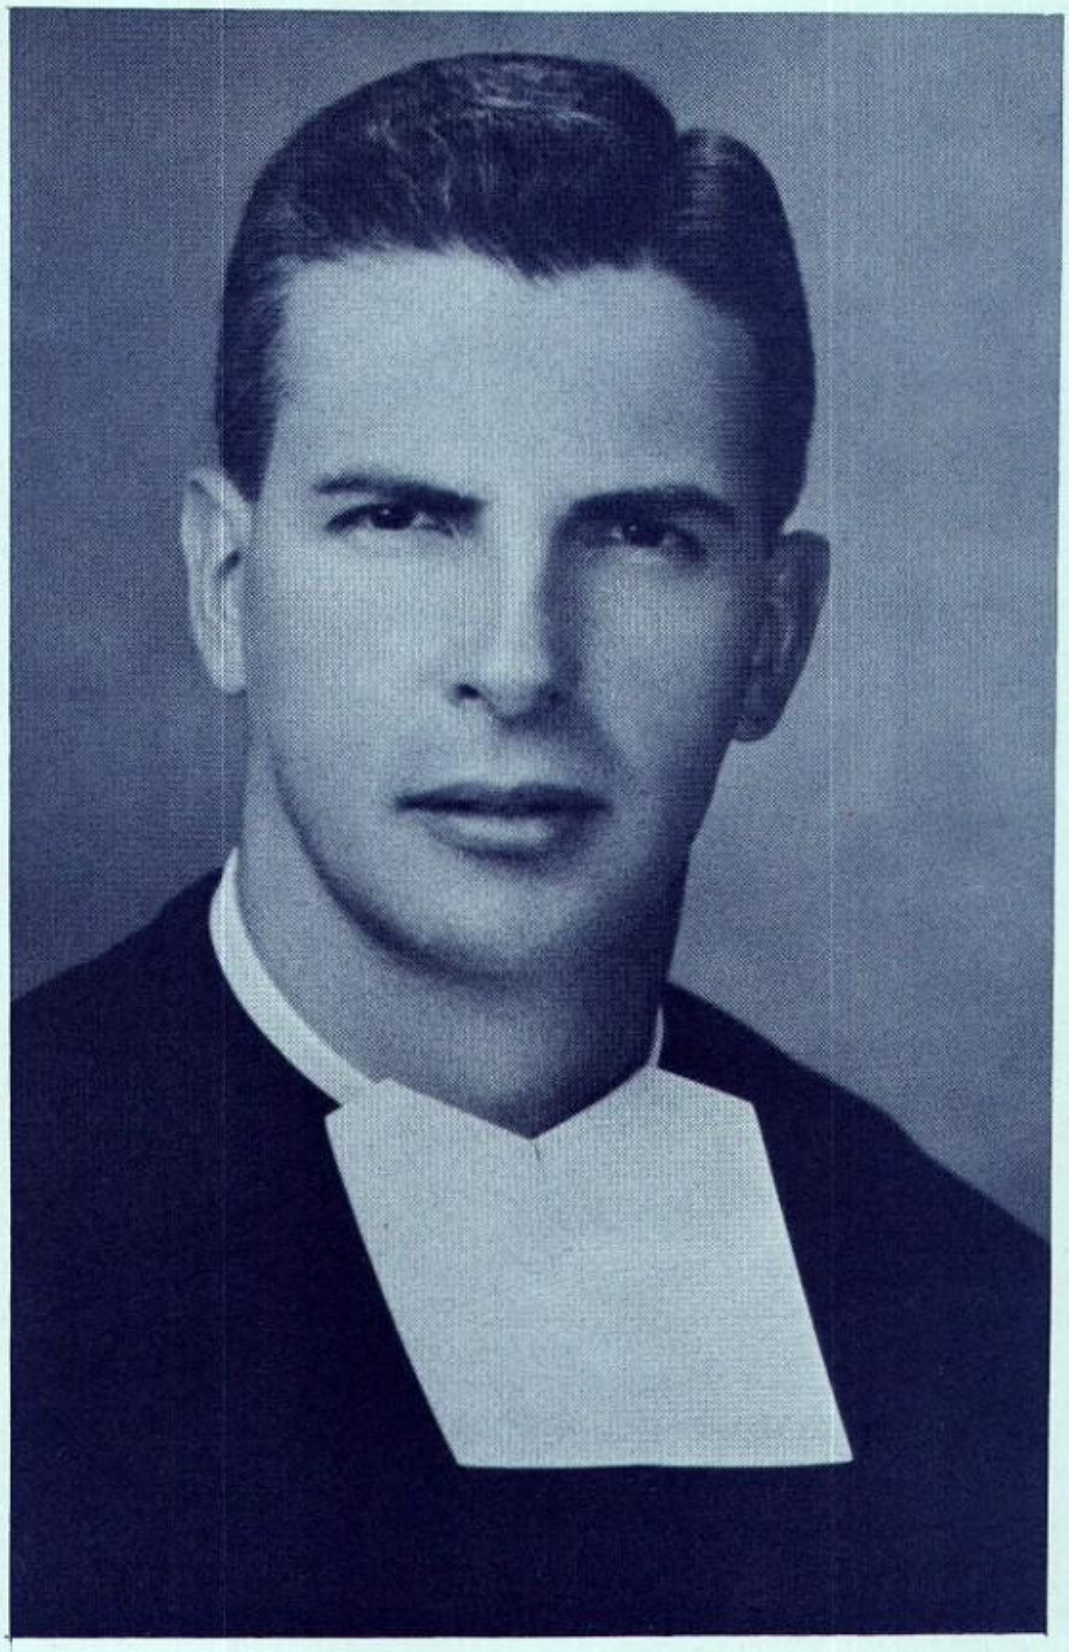
AERIE

Foreword

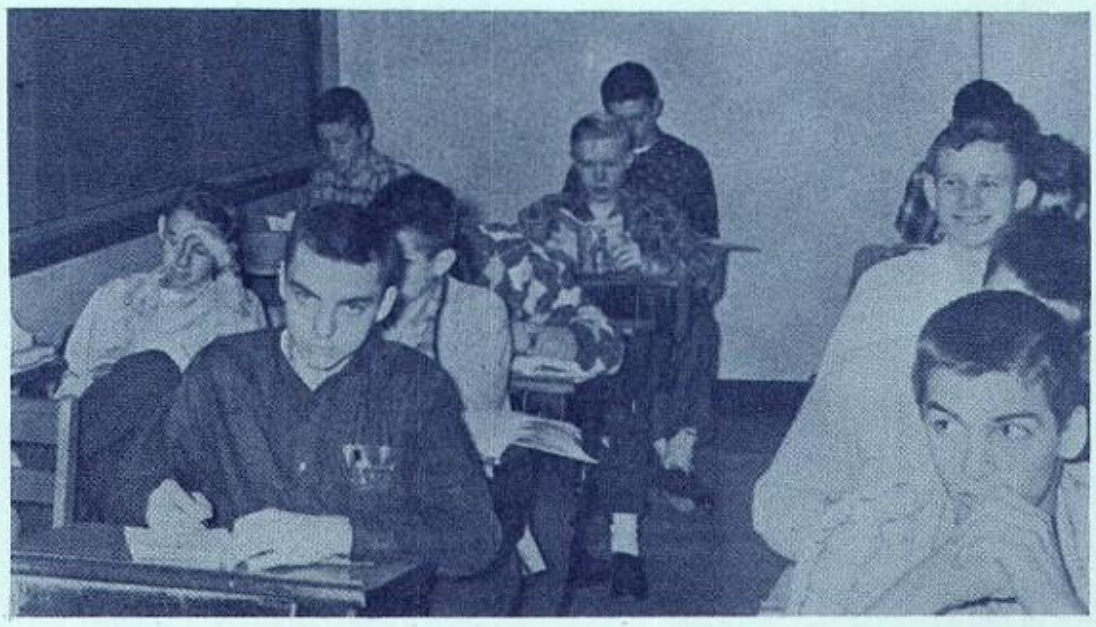
Under the direction of Brother Leo, the rather large staff of this yearbook has worked diligently to insure that this book will be the most accurate record of the activities of the year, 1961-62 at C. B.

We sincerely hope that the reader will have as much fun browsing through the pages of this volume as we have had in putting it together.

1962



Dedication



Six years ago Brother L. Martin was appointed Director of Christian Brothers High School. With him he brought ideas, principles and progressive thoughts. With these qualities he has worked unceasingly for the betterment of the school.

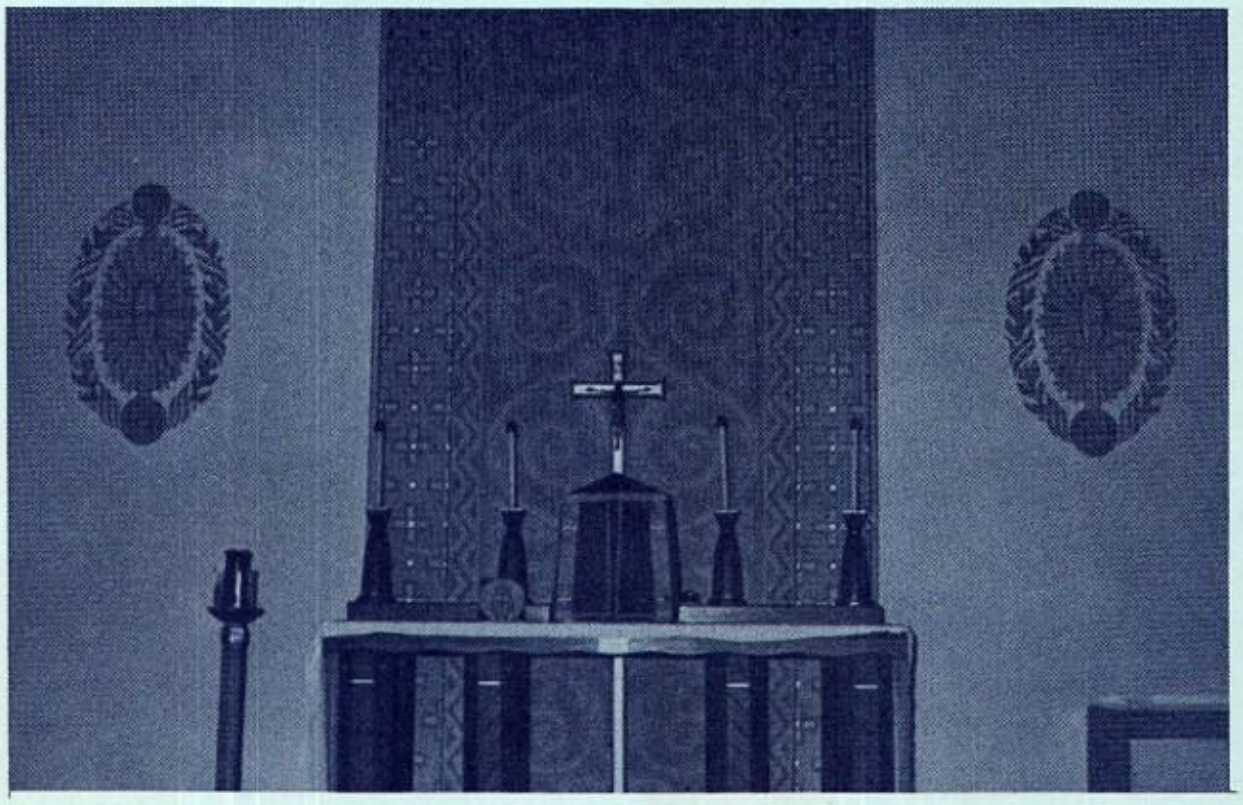
We hope this dedication will in some way express our gratitude for the excellent job which he has done.

To you, Brother Martin, we gratefully dedicate this Yearbook and say a simple but heartfelt "thank you."

PANORAMA

Looking back...

Looking back we find fond memories of the past year. Athletic, social, cultural and academic activities have filled the calendar. These activities have unified the school by bringing members of the different classes into closer contact with each other. By means of this association we have grown in both vision and maturity and have seen the vital necessity for participation in all areas of school life.



This final word is devoted primarily to us, the seniors of C.B.H.S.

The way has been long and, in places, the footing treacherous; there may have been times when we were tempted to turn back, but somehow we gained the strength to forge on. The above picture graphically identifies the source of this strength. Through Christ have we gained the graces necessary to overcome obstacles, whether physical, mental or spiritual, which blocked our path. It would not be unseemly for all to utter a short prayer of gratitude for the graces we have received.
